

Community Electronics Recycling Event

Recycle Electronics. Restore Lives. St. John Chrysostom Church in Wallingford will host our annual Electronics Recycling Event on Saturday, Nov 3rd 9 am to 1 pm.

615 S. Providence Road, Wallingford, PA

Here is your chance to clear out your heap of old, obsolete and broken electronics in an environmentally responsible way that also serves others. Bring on your laptops, dead PCUs, old appliances, printers, TVs, phones, keyboards, game systems, microwaves, air conditioners and other e-waste ... working or non-working.

Any data will be wiped and the items either repaired and distributed for reuse or carefully disassembled and the components recycled. We are proud to partner on this event with PAR-Recycle Works, which provides transitional employment and skills training to people returning from prison.

ABOUT FEES: Most items may be recycled free, but fees will be charged for the following items:

CRT/Large TVs: \$35-\$85, depending on size

A/C units, dehumidifiers, air purifiers: \$15

Microwaves: \$5 Batteries: \$1.25 per pound (we will weigh them)

Cash, check or charge accepted.
